Description

Design description

ENKEL 4 is the largest of the pendant lamps in the ENKEL collection - striking and minimalist at the same time. Its name, derived from the Swedish word "enkel" meaning "simple", captures the idea behind the design: clear form, clean lines and modern character.

This quadruple ceiling lamp, made of metal and maintained in white (Signal White RAL 9003) or black (Jet Black RAL 9005), fits perfectly into spaces decorated in Scandinavian, Japanese, modern or loft styles. Thanks to its balanced proportions and architectural composition, ENKEL 4 is not only a source of light, but also a strong visual accent in the interior.

Lamp components and functionality

ENKEL 4 is a luminaire composed of four metal lampshades with a diameter of 17 cm, powder-coated with a subtle, structured finish. They are suspended from textile braided wires and two steel cables, which ensure structural stability and even weight distribution.

The whole is supported by a 60 cm long ceiling bar, which visually organizes the composition and gives the lamp a harmonious rhythm. The total length of the lamp is a maximum of 131 cm - thanks to the adjustable pendants it is easy to adjust it to the height of the room and the desired lighting effect.

Sources of light with E27 thread (max 4x15W LED) can be adjusted to the needs of the interior - from classic, hidden inside the shades, to decorative bulbs that extend above their outline and add a distinctive character to the lamp.

Application and IP20 rating

ENKEL 4 was designed with large spaces in mind - it will be perfect over a dining room table, kitchen island, in a spacious living room or in commercial premises such as restaurants, showrooms or hotel lobbies.

With an IP20 rating, it is designed for use in dry indoor spaces.

Handmade and unique character

Each ENKEL 4 lamp is assembled by hand with attention to detail and finish. The structured powder coating increases scratch resistance and gives the fixture an elegant matte look. It is an option for those who appreciate solid workmanship, durability and modern but timeless design.

ENKEL 4 - key features

- Quadruple pendant lamp from the ENKEL collection.
- Four metal shades Ø17 cm in white (Signal White RAL 9003) or black (Jet Black RAL 9005).
- Ceiling strip 60 cm long, color-matched to the lampshades.
- Textile wires and steel support cables - adjustable length.
- Maximum suspension height: 131 cm.
- Light source: 4x E27, max 15W LED.
- Protection class IP20 - for dry interiors.
- Ideal for large tables, kitchen islands and commercial spaces.

ENKEL 4 - four times more light, the same expressive minimalism.
