## Description

Lighting like jewelry, i.e. the ISUULLA lamp collection. Delicate, milky-white glass shades suspended on metal circles resemble elegant earrings. The unusual form makes the luminaires eye-catching from the very first second. Thanks to replaceable LED light sources, they save energy and ensure long use. The ISUULLA collection will surely delight Japandi style lovers and all those who are looking for modern aesthetics. ISUULIA means "splendid" in Finnish… of course, a great choice for your home!
