Description

The PLAAT collection with the poet and writer Sylvia Plath is certainly connected by a glass shade :) The milky white sphere, characteristic of UMMO lamps, is created to discover the poetry of light. The metal tubes are cut by a thin disk which, like an umbrella, covers a large lampshade in an elegant cap. It is the metal disk that distinguishes PLAAT ceiling lamps, available in two colors: black and white. UMMO lighting is manually assembled from high-quality components in our studio in Gdynia. With light we are for Mr. PLAAT :)

The PLAAT Premium series is the basic models in brass. Brass elements are ground by us and specially protected against discoloration. PLAAT hanging lamps are available with a black or white hat and disc. We attach gloves to brass lamps, thanks to which there will be no chemical reaction during assembly. As you can see, we are noble with light :)
