Description

Although the name of this collection may be associated with the word "torn", showing the world the Torni collection ;) This time our design search went towards spherical forms. We have replaced the round, white lampshades, which were once the hallmark of our second [UMMO](#) brand, into unusual forms resembling flying saucers. The Torni series includes table lamps, wall lamps and pendant lamps in single, double or triple versions, available in black & white. Invite Torni to your home and make yourself an otherworldly (atmo)sphere!
