Description

Design Description

LUOTI 3P is a triple ceiling plafond that combines modern geometry with a subtle softness of form. Its name - inspired by the Finnish word luoti, meaning "drop" - refers to the three milky-white spherical glass lampshades, which, like suspended drops of light, float in space.

LUOTI 3P will perfectly find its place both in private spaces - such as a living room or dining room - and in modern offices or commercial premises. It is a proposal for those who appreciate refined simplicity and architectural discipline.

Lamp components and functionality

LUOTI 3P plafond is made of three spherical milky-white glass lampshades with a diameter of 15 cm, arranged at different heights (101 cm, 116 cm, 131 cm), which adds spatial depth and dynamics to the composition. The lampshades are suspended from textile braided polyester cables, which harmonize in color with the black metal ceiling mount painted in structural matte.

The lamp mount is in the form of a flat, round plafond with a diameter of 30 cm. The total length of the set (from the ceiling to the bottom edge of the lowest shade) is 160 cm. The lamp is adapted for three LED light sources of G9 type (max. 3x12W), which gives great flexibility in the choice of light color and intensity.

Application and IP20 protection class

LUOTI 3P is designed for use in dry indoor spaces, with an IP20 protection class. It is an ideal choice for rooms such as the living room, dining room, hallway, staircase or bedroom - wherever design meets functionality.

Thanks to the different lengths of the hanging shades, the lamp creates attractive chiaroscuro and allows you to model the atmosphere of the interior, becoming not only a source of light, but also a design element.

Handmade and unique character

Each LUOTI 3P plafond is assembled by hand with attention to detail - from cutting the wires to assembling the glass shades. This is a product not only designed, but also made with the individual needs of the users in mind. When you choose LUOTI, you are investing in quality, durability and a design that does not follow trends - but creates them.

LUOTI 3P - key features

- Modern, spatial form inspired by the shape of a drop.
- Three milky-white glass lampshades with a diameter of 15 cm.
- Different lengths of wires: 101 / 116 / 131 cm.
- Two colors to choose from - white RAL 9003, black RAL 9005.
- Light source: 3x G9 LED (max 12W).
- Protection class: IP20 - for indoor use.
- Handmade - unique detail and high quality.

Technical information

Light source included	None
Screw type	G9 LED
Max wattage	3 x 12W
IP degree	IP20
Cable/-s lenght	101cm, 116 cm, 131cm
Length	30cm
Width	30cm
Height	29cm
Diameter of the ceiling cover	30cm
Made of	metal / glass
Colour	black (Jet Black RAL 9005)
Cable color	black
Braid type	polyester
Lampshade color	white
Warranty	24 months
Comments	custom-made product
Type / function	ceiling lamp, plafond
Overall length	160cm
Power supply	~230V, 50/60 Hz

Other finishes
