Description

Design description

BORRA B 3P is an elegant triple pendant lamp from the BORRA collection - a collection that, true to its name inspired by the Swedish borra ("to drill"), accurately addresses the aesthetic needs of contemporary interiors. The 3P model brings lightness, rhythm and balanced symmetry to the space, combining classic geometry with a modern twist.

Three spherical, milky-white lampshades set on powder-coated metal discs create a spatial composition suspended from textile wires, coherent thanks to the minimalist round ceiling grille. It's a light that not only illuminates, but also organizes the space around it.

Lamp components and functionality

Each of the three 15-cm-diameter glass shades is suspended independently and terminated by a 20-cm-diameter metal disk. The disk has both an aesthetic and luminous function - it reflects the light and subtly softens it, creating a pleasant, diffused glow.

The whole is stabilized by a ceiling bezel with a diameter of 30 cm, which harmoniously organizes the suspension system and completes the visual composition. The lamp is supported by three polyester braided cables. With a total length of 160 cm, this model is also ideal for high interiors.

Each lampshade is equipped with an interchangeable G9 LED light source with a maximum output of 12 W - up to 36 W in total - which allows to achieve atmospheric, evenly diffused lighting, ideal for building the atmosphere in the space.

Application and IP20 protection class

BORRA B 3P was created for arrangements where light is an important element of the design. It will be perfect as a central lamp in the living room, over the coffee table, in the dining room or lounge space.

Its form is perfect for high private interiors, as well as in commercial spaces - in lobbies, hotel lobbies, boutiques, spa areas.

The IP20 waterproof rating indicates that it is intended for dry indoor spaces - the lamp is not recommended for use in wet areas.

BORRA B 3P is part of a larger collection - with the BORRA B pendant lamp, BORRA A wall lamp and BORRA ST table lamp, it forms a cohesive lighting family, ideal for comprehensive interior design.

Handmade workmanship and material durability

All parts of the lamp are created from the highest quality materials, and the whole is assembled by hand. BORRA B 3P is a unique composition of light, elegance and proportion - designed for those who are looking for a form that is timeless, but expressive.

BORRA B 3P - key features

- Triple plafond pendant lamp from the BORRA collection by UMMO.
- Three milky white glass shades (Ø15 cm) with metal discs (Ø20 cm).
- Round black ceiling bezel (Ø30 cm).
- Three wires in black textile braid, total length: 160 cm.
- Protection class IP20 - for use in dry interiors only.
- Ideal for living rooms, dining rooms, lobbies, boutiques and commercial spaces.
- Colors: white RAL 9003, black RAL 9005, brushed brass.
- Hand assembled - precision workmanship and durability of detail.
- Part of the BORRA collection - the possibility of creating a full composition with lamps A, B, B 3L and ST.

Technical information

Light source included	None
Screw type	G9 LED
Max wattage	3 x 12W
IP degree	IP20
Length	30cm
Width	30cm
Height	43cm
Diameter of the ceiling cover	30cm
Made of	metal / glass
Colour	black (Jet Black RAL 9005)
Cable color	black
Braid type	polyester
Lampshade color	white
Warranty	24 months
Comments	custom-made product
Type / function	ceiling lamp, pedant lamp
Overall length	160cm

Power supply

~230V, 50/60 Hz
