Manufacturer: **UMMO Lighting**

Product code: **CPA11212P0**

EAN: **5906733726055**

## Description

### Design description

Caponio is a pendant lamp with a thoughtful form, inspired by the shape of a hat.

It combines modernity with classicism and exudes lightness. Its design draws from the tradition of Italian design, subtly reinterpreting modernist inspirations. The metal lampshade with a rounded, hat shape harmoniously harmonizes with the milky glass of the lampshade, which gently diffuses the light, giving the interior a pleasantly soft character. The metal lampshade is adjustable in height relative to the glass shade.

### Lamp components and functionality

The whole is complemented by a textile braided cable and a metal headliner - both elements are kept in a consistent color scheme. There is a choice of colors: red-orange RAL 2002, black RAL 9005, white RAL 9003, olive RAL 6013, blue RAL 5014. Caponio provides many possibilities for composing the interior thanks to its color scheme and compact dimensions (28 × 28 × 34,3 cm).

Caponio A has an **interchangeable light source (E27 LED, up to 15W)**, which gives you full freedom to choose the color and power of the lighting - from a warm, relaxing glow to a cool and functional light. This allows you to fully adapt it to the climate of the interior and to your needs.

## Application and IP20 protection class

The lamp has an **IP20** protection class and was designed for dry and sheltered interiors - where the light is to build an atmosphere, not struggle with harsh conditions. It will be perfect in a living room, bedroom or hallway, as well as in commercial spaces such as offices or restaurants, but wherever it is not exposed to moisture or direct contact with water. It is a good idea to compose it in groups of several pieces. It's a lamp that needs extra protection from rain, steam and dust, so it's not suitable for bathrooms, kitchens (especially near a sink or cooktop), or outdoors - on a balcony or terrace.

The Caponio pendant lamp goes well with the standing lamp and wall lamp from the same series, creating a cohesive, modern lighting set. Such a combination allows you to maintain visual continuity in the space, combining ceiling, table and wall lighting into one harmonious composition.

## Handmade and unique character

Each lamp is assembled by hand to order, with attention to detail - a carefully crafted product that is made with the individual customer in mind, not the mass consumer.

**Caponio** is more than a lamp - it is a thoughtful interior element that emphasizes the character of the space and gives it a unique tone. We cordially invite you to purchase it.

### Why will you love it?

- Because its form is a combination of timeless elegance with Italian soul and modern character.
- Because each piece is hand-assembled to order - it is not a mass product, it is an object with personality.
- Because it fits many spaces: over a table, in a living room, bedroom or boutique cafe.
- Because the diffused light of the milky glass brings calm and atmosphere.
- Because you can adjust the height of the hat lampshade to give it exactly the form that suits you best.

## Technical information

Light source included	None
Screw type	E27 LED
Max wattage	1 x 15W
IP degree	IP20
Cable/-s lenght	125.7cm
Length	28cm
Width	28cm
Height	34.3cm
