Description

Design description

The name Funsui comes from the Japanese language, which means fountain - symbolizing movement, lightness and constant flow. The FUNSUI B chandelier draws on this inspiration, combining elements of Memphis style with modernist discipline. Its form is reminiscent of a sea buoy, and its rounded shapes give it a sculptural but minimalist feel. It's lighting that not only brightens up a space, but also provides a distinctive accent to it.

Lamp components and functionality

The chandelier consists of five milky glass shades arranged symmetrically on a metal structure in RAL 5003 navy blue, RAL 9003 white and RAL 9005 black. The ash wood components, also in navy blue, white and black, add warmth and naturalness to the whole. Inside the lamp are integrated world sources, available in two brawns - 3000K or 4000K. The dimensions of the chandelier are 73.7 x 73.7 x 97.7 cm.

Application and IP20 protection class

FUNSUI B is designed for use in dry, domestic spaces. The IP20 protection class means that the lamp is suitable for interiors where there is no direct moisture or contact with water. It is ideal for use in the living room, dining room or bedroom, where the light is intended to create a cozy atmosphere. Avoid installation in bathrooms, kitchens (close to sinks, hoods, and kitchen wet area) and outdoors.

The Funsui chandelier goes well with the standing lamp and wall lamp from the same series, creating a cohesive, modern lighting set. Such a combination allows to maintain visual continuity in the space, combining ceiling, table and wall lighting into one harmonious composition.

Handcrafted and unique character

Each piece of the FUNSUI B chandelier is assembled by hand to order, with attention to the smallest details. This is a carefully crafted product, which is created with the individual customer in mind, not the mass consumer. Handmade guarantees the uniqueness and high quality of each piece.

FUNSUI B is more than a chandelier - it is a designer light installation that brings dynamism and elegance to the interior. We invite you to purchase and experience the unique design of the UMMO brand.

Key features:

- Chandelier inspired by fountain form and Memphis style.
- Combination of metal, milk glass and ash wood.
- Fashionable color scheme.
- No visible cable - it is hidden in the arms of the chandelier.
- Protection class: IP20 - for indoor use.
- Hand assembled to order - unique character.
