## Description

The PLAAT collection with the poet and writer Sylvia Plath is certainly connected by a glass lampshade :) The milky sphere, characteristic of UMMO lamps, is created to discover the poetry of light. The metal tubes are cut by a thin disk which covers a large lampshade. It looks just like an umbrella :) The metal disk, that distinguishes the PLAAT line, appearing in two colors: black and white or black and white with gold elements. Depending on the size of the tube, you can find in the series hanging lamps, ceiling lamps, plafonds as well as table lamp. UMMO lighting is manually assembled from high quality components in our studio in Gdynia. PLAAT, not a plate :)

## Technical information
