Description

Design description

BORRA B 3L is a triple pendant lamp from the BORRA collection - a collection that, true to its name, drills into your memory and interior, staying there for years. In this version, geometric harmony and noble materials get a new rhythm: three light sources suspended from a single minimalist strip create a spectacular yet light composition.

It's a combination of contemporary precision and a timeless sense of style - milky white spherical lampshades are juxtaposed with powder-coated discs that subtly reflect light, adding depth and elegance to the interior.

Lamp components and functionality

Three spherical milk-white glass lampshades (Ø15 cm each) are suspended from textile-wrapped wires, set on an elongated lacquered strip 60 cm long. Each lampshade is highlighted by a metal disk with a diameter of 20 cm, which gives rhythm to the whole, and direction and softness to the light.

The total length of the lamp is 130 cm, which allows you to freely hang it over a table, kitchen island or in an open space. Each of the three light points is based on a G9 LED source (max 12W), giving a total power of up to 36W - ideal for even and atmospheric lighting of larger zones.

Application and IP20 protection class

BORRA B 3L was designed for spaces where the light is not only to brighten, but also to build atmosphere. It will work perfectly as the main light over a dining table, breakfast bar, reception area or large conference table.

With its elegant mounting strip, modern proportions and classic form, the lamp fits perfectly into both domestic spaces and luxurious commercial interiors - from boutique hotels to sophisticated restaurants. The IP20 rating allows it to be used indoors only, in dry areas.

BORRA B 3L is an integral part of the BORRA collection - it can be combined with the BORRA A wall lamp, the BORRA B single pendant lamp and the BORRA ST table lamp, creating a thoughtful lighting composition consistent throughout the interior.

Handmade and unique character

Each element of the lamp is created with attention to detail, and is assembled by hand, to order. BORRA B 3L is not a mass product - it is a conscious aesthetic decision and an investment in durability, style and light that stays with the user for a long time.

BORRA B 3L - key features

- Triple pendant lamp from the BORRA collection by UMMO.
- Three milky white glass lampshades (Ø15 cm) with discs made of metal (Ø20 cm).
- Elegant white mounting strip with a length of 60 cm.
- Three wires in white braid, total length of the lamp: 130 cm.
- IP20 protection class - for use only in dry interiors.
- Ideal over a table, island, countertop or for larger commercial spaces.
- Available in colors: white RAL 9003, black RAL 9005, brushed brass.
- Part of the full BORRA collection - complete with BORRA A wall lamp, BORRA B lamp and BORRA ST lamp.
- Handcrafted and material nobility - a lamp with soul.
