Price: **759,00 zł** gross

Manufacturer: **UMMO Lighting**

Product code: **LUA11313P0**

EAN: **5906733728486**

Description

Design description

Luoti is the essence of minimalist design encapsulated in two shapes: a sphere and an inverted cup. The design is based on a simple yet expressive contrast - a light, milky white sphere of delicate glass is suspended just below a more massive metal element in the form of an inverted cup. The lamp looks as if it is delicately balancing on the edge of gravity - simple, but not obvious. This visual "rotation" with respect to a table lamp from the same series gives the whole thing the impression of movement, despite its static form. The geometric, graphic character of the Luoti lamp fits perfectly into the aesthetics of modern, consciously designed interiors.

Lamp components and functionality

The Luoti lamp is constructed of a powder-coated metal body and a glass shade in a milky finish. The delicate sphere (Ø15 cm) contrasts with the solid cylindrical fixture, creating a cohesive, modern duo. The whole is suspended from a polyester braided cord (98.5 cm). The light source is an interchangeable LED bulb with a G9 cap (max 12W), which allows you to easily adjust the intensity of the lighting as needed.

Application and protection class IP20 / IP44

With two available waterproof classes (IP20 and IP44), Luoti is perfect for both classic living spaces and areas exposed to moisture - for example, in the bathroom above the mirror. Its compact dimensions (height 29 cm, width 15 cm) make it suitable for solo or in multipoint arrangements, such as over a kitchen island or dressing table.

Handmade and unique character

Like every lamp in the UMMO collection, Luoti is made by hand - with attention to detail and with the user in mind, who values quality, form and durability. It is a local product, created with passion and respect for craftsmanship. Each piece may vary slightly in finish - proof of authenticity, not imperfection.

LUOTI - key features

- Pendant lamp with a modern, graphic form.
- Milky white glass lampshade with a diameter of 15 cm.
- Original design: a sphere set under a metal inverted cup.
- High quality finish and handcrafted.
- Polyester braided cable with a length of 98,5 cm.
- Possibility to use LED light source (G9 thread, max 12W).
- Available in colors: white RAL 9003, black RAL 9005, navy blue RAL 5003, pink RAL 3014.
- Choice of IP20 version (for interiors) or IP44 (for bathrooms and high humidity zones).
- Ideal for modern interiors: living rooms, bedrooms, studies or hallways.

Technical information

Light source included	None
Screw type	G9 LED
